Howdy Neighbor!

We're your new neighbors, and we're glad to be here.

Not only are we glad to be here, but we're going to do everything we can to make everybody just a little happier that we are here, and make others want to come here, too.

courage, vision and faith, settled here and started the pageant of progress and prosperity. We want to join you now in carrying on with the work of these pioneers.

By giving you the finest kind of electric service that is humanly and economically possible. Not only that, but we're going to keep on everlastingly trying to improve this service day by day-we're going to plan today for the future—far in advance of our present

Knowing that we cannot grow until the communities we serve have grown before us, we must do everything in our power to make prosperity our "permanent guest". To this end every one of our managers is given the following instructions:

As a business man of your community you have but one commodity to sell-electric service. It is not a product that can be wrapped, packed or shipped. Your market is confined to your own community. And the demand for your product is increased only in proportion to the ability of your neighbors to buy.

If, as a business man, you can co-operate with your fellow business men, your Chamber of Commerce, your newspaper, to bring industry and prosperity to your community, you are acting
